SKILLS

Frontend

Next.js React JavaScript
TypeScript HTML5 CSS3
Bootstrap MUI Ant Design

Backend

Node.js Express REST APIs
PHP

Data & Cloud

MongoDB MySQL PostgreSQL
Firebase AWS Vercel Git

LANGUAGES

English — Fluent
French — Professional

ABDULRAHIM KIBUH

FULL-STACK WEB DEVELOPER

PROFILE

I'm a full-stack developer who cares about the details users never consciously notice — the timing of a transition, the weight of a shadow, the speed of a first paint. I build interfaces that feel right, backed by APIs that hold up. My main tools are Next.js, React, Node.js and Express, with MongoDB, MySQL or PostgreSQL underneath. I've also done time in Firebase and AWS, and I like shipping complete products — design, build, deploy.

EXPERIENCE

Technical Lead

APR 2025 — PRESENT

NDE24 · YAOUNDÉ — MINKAN, TERMINUS ODZA

- Leading the technical team behind Nde24 — technical staff management, technology leadership and architecture decisions across the product.

AEM CMS Developer

DEC 2023 — APR 2025

NDE24 · CENTRE, CAMEROON

- Built and maintained content platforms on Adobe Experience Manager (AEM) and modern content management systems.

Web Developer · Machine Learning Recruit

NOV 2023 — JAN 2024

CAASITECH GROUP, LLC · YAOUNDÉ, CAMEROON

- Built impactful web experiences while training on machine-learning algorithms — exploring the intersection of web development and ML.

Web Developer

NOV 2022 — NOV 2023

NEEMA · YAOUNDÉ, CAMEROON

- Front-end development on production platforms — component architecture, UI implementation and cross-team collaboration.

Software Engineer

JUN 2022 — NOV 2023

FREELANCE · YAOUNDÉ, CAMEROON

- Independent software engineering for clients — web applications designed, built and shipped end-to-end.

Student — Seasonal

OCT 2021 — JUL 2022

SIANTOU UNIVERSITY INSTITUTE · YAOUNDÉ, CAMEROON

- Hands-on programming alongside coursework — jQuery, HTML5 and programming fundamentals.

PROJECTS

LandlordNde24

[LANDLORDNDE24.COM](https://landlordnde24.com)

REACT, ANTD, TAILWIND CSS, NODE.JS

Property management software for landlords and tenants — listings, rent tracking and day-to-day property administration, live in production at landlordnde24.com.

Caasitech Academy

HTML5, JAVASCRIPT, CSS3

Web platform for Caasitech's skills-development division — training programs, course information and student applications for learners across Cameroon.

Perform by Caasitech

NEXT.JS, NODE.JS, REST API

An employee performance and engagement platform — modular tools for tracking productivity and workforce improvement, built to make people enjoy working again.

WATCH — Movie Streaming

[NEXT-JS-MOVIE-SITE-THREE.VERCEL.APP/](https://next-js-movie-site-three.vercel.app/)

NEXT.JS, CSS MODULES, TMDB API

A cinematic movie discovery and streaming app. Server-rendered catalog, debrid-powered streams, custom player, and the same gold-on-black design system this portfolio uses and built with a Zero-UI library approach.

This Portfolio

[GITHUB.COM/ABDULRAHIM2567/MY-PORTFOLIO](https://github.com/abdulrahim2567/my-portfolio)

NEXT.JS, CSS MODULES, NEXT-THEMES

The site you're looking at — a zero-UI-library rebuild on Next.js and CSS Modules, sharing design tokens with WATCH. Lighthouse-fast by design.

EDUCATION

Bachelor's in Software Engineering

NOV 2021 – JUL 2022

INSTITUT UNIVERSITAIRE SIANTOU · GPA 3.41/4.0

- Web Development (React, Vue, Node.js) · Software Architecture · Applied Artificial Intelligence · Mobile Development (React Native)

BTS (Higher National Diploma) in Software Engineering

NOV 2019 – JUL 2021

INSTITUT UNIVERSITAIRE SIANTOU · GPA 3.21/4.0

- Object-Oriented Programming (Java) · Network Security & Cryptography · Cloud Computing (AWS Fundamentals) · Distributed Systems & Microservices
